

Nod, Shake, Shrug

Would you like a currant bun?
Are tomatoes red?
That's the kind of question
That makes me nod my head.

Would you like to tidy up?
Is it time for bed?
That's the kind of question
That makes me shake my head.

Would you rather crunch a snail
Or gobble up a slug?
That's the kind of question
That makes my shoulders shrug.

Julia Donaldson
